Notes Regarding SP Marketplace Pricing:

- Currency** All Pricing is in USD\$. Please contact us for a quote in CAD\$, AUD\$, NZD\$, EURO€ or GBP£.
- FullStart** is our mandatory deployment service, which is supplied in the First year only. This service (and corresponding cost) will be added to the cost of the first-year software subscription(s). Please [CLICK HERE](#) for further details on FullStart. The FullStart cost will be added to the first-year software subscription.
- QuickStart** is only available with CRM Core Small Business. This is an installation & QC service with 1-Hour Walk through ONLY and doesn't include any configuration and/or training services. The QuickStart cost will be added to the first-year software subscription.
- Employee Hub** (Intranet in a Box) is now sold as a software licenses subscription and services bundle (Bronze, Silver and Gold).
- CRM Core** will be officially launched in May 2025 and is designed to have a range of add-on modules available later in 2025, including an Outlook connector. This price list will be updated as we create new add-on modules for CRM Core.
- Multi-Solution Discounts** are available when two solutions or more are ordered. This includes discounts to the FullStart deployment service if multi solutions are purchased and deployed at the same time:
- User Numbers** are based on the total number of Microsoft (Office) 365 users licensed within your Microsoft subscription agreement. We supply our solution licenses in batches of 50 users (exc. CRM Core SME), so the table above is an example only, based on a cross section of user numbers. [Please contact us for formal pricing](#). We do not count external/guest users.
